About Micware Co., Ltd.

Micware Co., Ltd. is a Japan-based provider of software development services and innovative IT solutions mainly focused on the automotive and mobility sectors. The Company is primarily engaged in the development and sale of in-vehicle infotainment ("IVI") systems covering multimedia, navigation, human machine interface, telematics, and driver assistance, as well as navigation software and location information-based smartphone applications.

Since its founding in 2003, Micware has built over 20 years of experience in automotive software and has established long-term relationships with major original equipment manufacturers ("OEM") in Japan, including Honda Motor Co., Ltd. and Toyota Motor Corporation. Leveraging its engineering capabilities, proprietary technologies, and long-standing OEM relationships, the Company was ranked 9th among Japan-based Tier 1 suppliers in the IVI market in terms of revenue as of February 28, 2024, according to an industry report titled "IVI, Automotive Navigation System and Digital Mapping Market" commissioned by the Company and prepared by Frost & Sullivan. Micware operates across Japan through six operating entities and 12 branch offices and has established subsidiaries in the United States, Thailand, and Germany for overseas operations.
